Forecast For Northeast England
Issued by Met Office Exeter
at 1600 on Saturday 01 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Another cold night. Sunshine and further showers on Sunday.

This Evening and Tonight:
Showers will mostly die away during the evening, becoming confined to the western hills, to leave a largely clear but cold night. A touch of frost is expected to develop inland by dawn. Minimum temperature -2 deg C (28 deg F).

Sunday:
Sunny spells and showers continuing on Sunday, occasionally heavy during the afternoon. Showers easing into the evening, with a touch of frost in prone rural locations overnight. Maximum temperature 12 deg C (54 deg F).

Outlook for Monday to Wednesday:
Dry start then becoming increasingly wet and windy on Monday. Blustery showers on Tuesday, wintry over hills and perhaps merging into longer rain. Further showers on Wednesday, occasionally heavy. Cold.
